72 pt, Regular

Built for screens that never sleep.

36 pt, Medium

Eight weights, Thin to ExtraBold.

24 pt, Regular

A digital display sans in eight weights

18 pt, Medium

Fantom is a digital display sans in eight weights, Thin to ExtraBold, with 705 characters.

11 pt, Regular

Fantom is a monoline display sans for screens, dashboards and signage. Its bowls are rounded rectangles, its terminals are cut flat, and a few letters carry a single diagonal stroke. Eight weights run from Thin to ExtraBold on one stroke logic. Sidebearings and kerning are set weight by weight, so short words stay tight at display size. Setting is meant for headlines, numerals and interface labels rather than long text.

9 pt, Regular

Fantom is a monoline display sans for screens, dashboards and signage. Its bowls are rounded rectangles, its terminals are cut flat, and a few letters carry a single diagonal stroke. Eight weights run from Thin to ExtraBold on one stroke logic. Sidebearings and kerning are set weight by weight, so short words stay tight at display size. Setting is meant for headlines, numerals and interface labels rather than long text.
