Tall condensed sans with sharp cuts

16 pt, Regular

A tall condensed sans with fine hairlines and slanted cuts, in three weights and a variable axis.

11 pt, Regular

Vores is a condensed sans with a high x-height, long ascenders and a fine contrast between heavy stems and thin hairlines. It takes the height and tension of a tall display serif and leaves the serifs and the deep joints behind, so arches spring cleanly from the stem. Every stem top is cut on a small slant rising to the right, and terminals follow the same angle. Three weights, Light, Regular and Bold, sit on one variable axis from 300 to 700, with full Latin accents for Albanian, German, French, Czech and Polish.
